

GKN: The Making of a Business, 1759-2009

By Andrew Lorenz

John Wiley and Sons Ltd. Hardback. Book Condition: new. BRAND NEW, GKN: The Making of a Business, 1759-2009, Andrew Lorenz, The company that became GKN was forged in the first fires of the Industrial Revolution. And through the two-and-a-half centuries of its remarkable life, GKN has proved a master of Industrial Evolution. From a single blast furnace fuelling a tiny iron works on a remote Welsh hillside, GKN was built by a group of men - and one woman - into a world leader. Not just once or twice, but many times, it has changed shape and direction to hold its place at the forefront of the engineering industry. When iron gave birth to the worldwide railway boom in the early 1800s, GKN was there. It was among the first to seize the opportunities created when steel superseded iron in the 1860s. After the First World War, GKN moved into the 20 th century's greatest new industry - automotive. Late in the century, when aerospace began to be transformed by the use of new materials, GKN was at the leading edge. Geographically too, the company has evolved. As the balance of economic growth has shifted, from Britain in the eighteenth...

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Otis Wisoky**

This publication is great. It is full of wisdom and knowledge You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
