

Foliage Plants

By Lloyd, Christopher. Garrett, Fergus, Introduction by.

Frances Lincoln. 1 Paperback(s), 2011. soft. Book Condition: New. If you want to make a satisfying garden you have to pay at least as much attention to foliage as to flowers, advises Christopher Lloyd. Originally published in 1973 and revised in 1985, this book is a fine companion to Lloyd's classics *The Well-Tempered Garden* and *The Adventurous Gardener*, as the master of the gardens at Great Dixter in Sussex describes the plants that are worth growing for their leaves as well as their blossoms. He explains what to look for, what to avoid, and considers the shapes, sizes, habits, textures, and colors of various foliage. He also suggests, with the aid of sketches and plans, what can be done with these plants in different positions, from the shady border to the sunny bed. 224.

Reviews

Merely no words to explain. I really could comprehend everything out of this published e ebook. I found out this publication from my dad and i suggested this publication to learn.

-- **Prof. Margarita Ledner PhD**

This written pdf is fantastic. It normally is not going to expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.
