Excerpt: . . . 11 sive efforts to improve math and science teaching and learning across the K - 12 con-tinuum. In addition to NSF MSP and the formal K - 12 programs, NSF also runs the Rob-ert Noyce Scholarship Program, created by the NSF Authorization Act of 2002. The Noyce program awards grants to colleges and universities to award scholarships to top math and science majors or minors in return for a commitment to teach at the elementary or secondary school level two years for each year of support received. Universities may also use the grant funds to support programs to help these pro-spective teachers obtain their certification and prosper in their new profession. In FY06, the program was funded at 9 million, and 10 million is requested for FY07. Outside of EHR, NSF supports education through its broader impacts criteria for all research grants awarded through its Research and Related Activities account. Applications for NSF research awards are reviewed not only to determine the merit of the proposed research activity, but also to determine how the activity will pro-mote teaching, training and learning, broaden the participation of under-rep-resented groups, and provide larger benefits to society. Other Federal Agencies U. S. Department of Energy DOE runs its K - 12 programs out of both headquarters and its National Labora-tories, focusing primarily on supporting of mathematics, science and engineering education programs by using the personnel, facilities, equipment and resources of its laboratories...
